

2012 Capacity Building Workshop of Satellite Remote Sensing for Southeast Asian Scientists

Center for Space and Remote Sensing Research
National Central University, Jhongli, Taiwan
September 13 - September 21, 2012

Introduction

This Capacity Building Workshop of Satellite Remote Sensing for Southeast Asian Scientists is organized by Center for Space and Remote Sensing Research, National Central University (CSRSR, NCU), Taiwan and officially supported by National Science Council (NSC) of the Republic of China, Taiwan. The purpose of this workshop is to provide a platform for young scientists to learn knowledge and experience hands-on practices. In addition, it is an excellent opportunity to meet internationally well recognized scholars in remote sensing such as from Taiwan, Japan and South Korea to share their valuable experiences and knowledge with young scientists. The workshop will be held from **September 13 to September 21, 2012** at National Central University (NCU) in Jhongli, Taiwan.

Themes

- ▶ Satellite Remote Sensing Infrastructure in Taiwan.
- ▶ Satellite Remote Sensing Applications in Asia.
- ▶ Principles of Remote Control.
- ▶ Integration of Remote Sensing, GPS and GIS.

Date & Location

- ▶ Date: September 13 (Thurs.) - September 21 (Fri.), 2012
- ▶ Location: Center for Space and Remote Sensing Research (CSRSR)
National Central University, Jhongli, Taiwan

Organizer

Prof. Chi-Farn Chen
Center for Space and Remote Sensing Research
National Central University
Jhongli, Taiwan
